

Sukesh Batchu – Portfolio

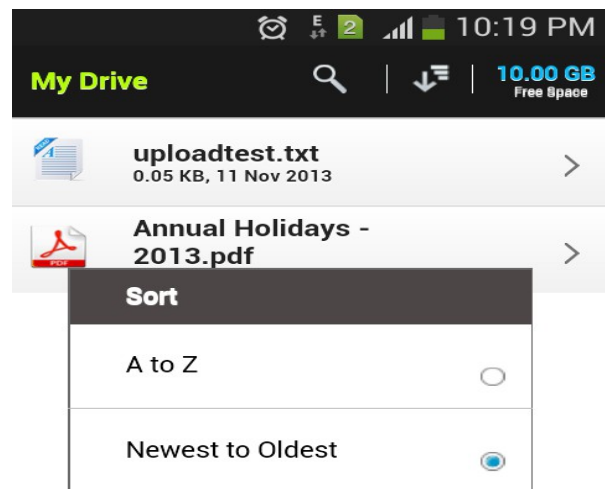

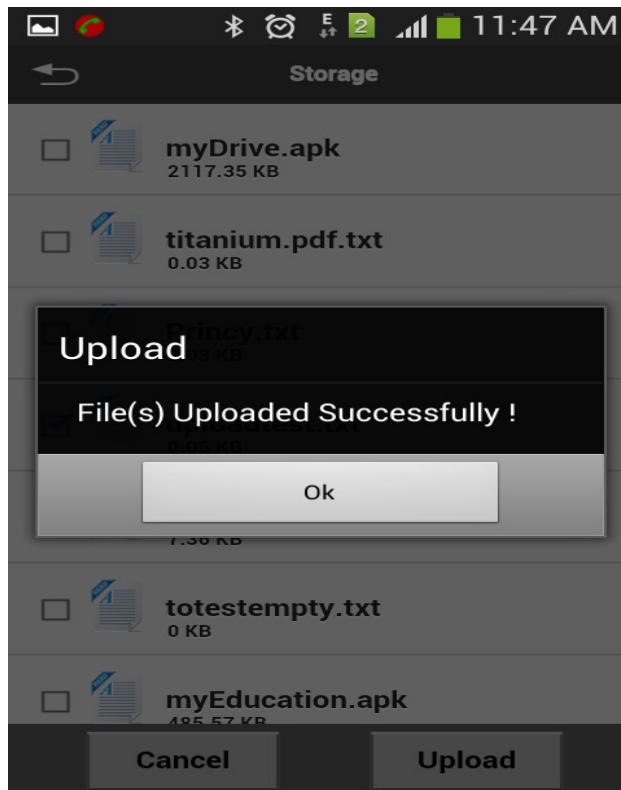

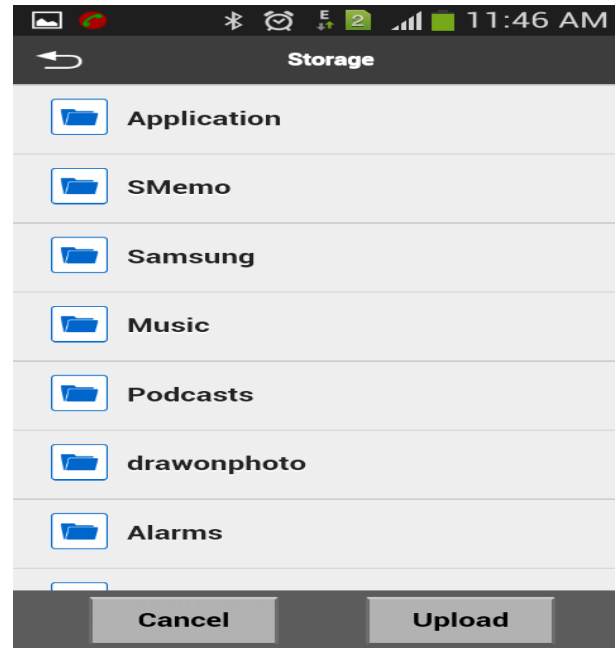

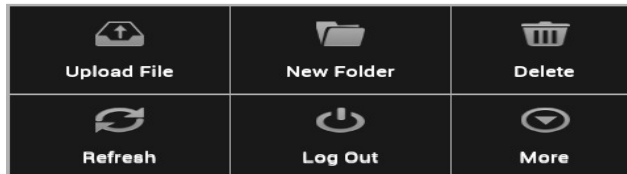

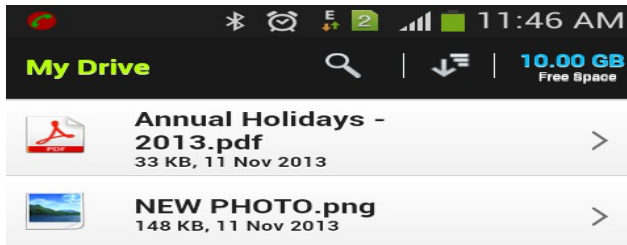

1. KBC Bank – Belgium

I have been involved in the development of the Mobile Application for the KBC Bank. Here are the few screenshots for the same where I was actively participating in developing the UserInterfaces, development of the Mid Tier Interfaces to communicate with Back end and finally with End to End testing of the Module that I have been involved in.

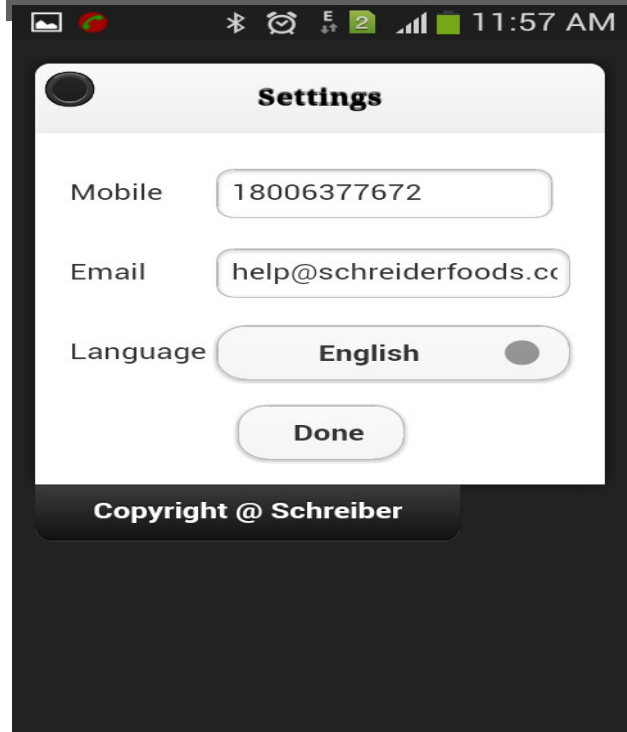

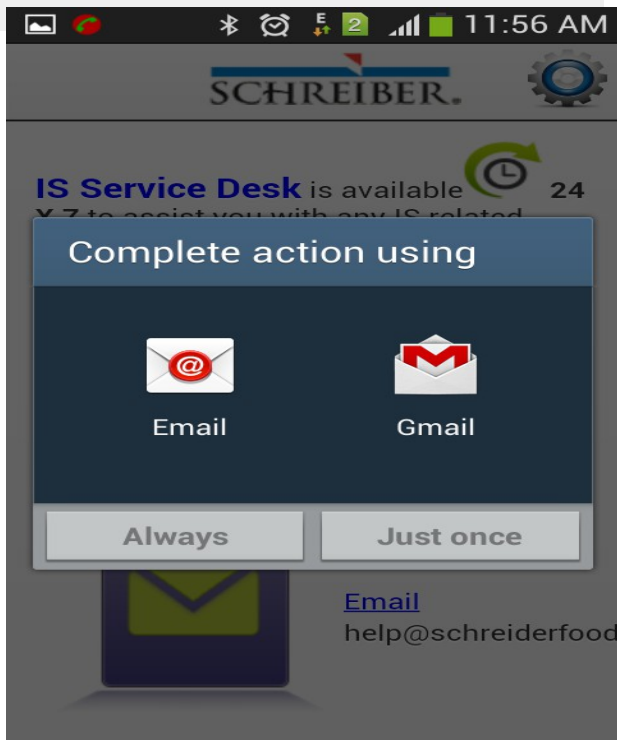

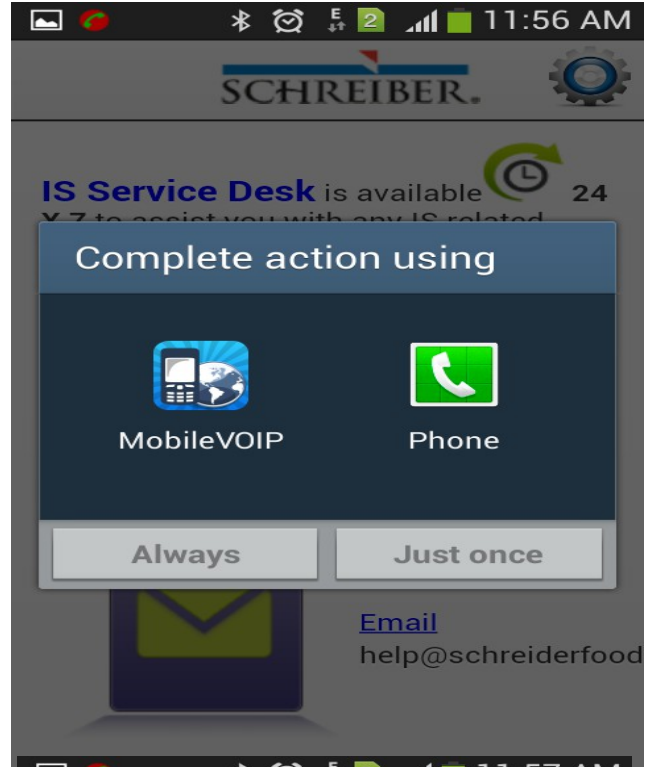

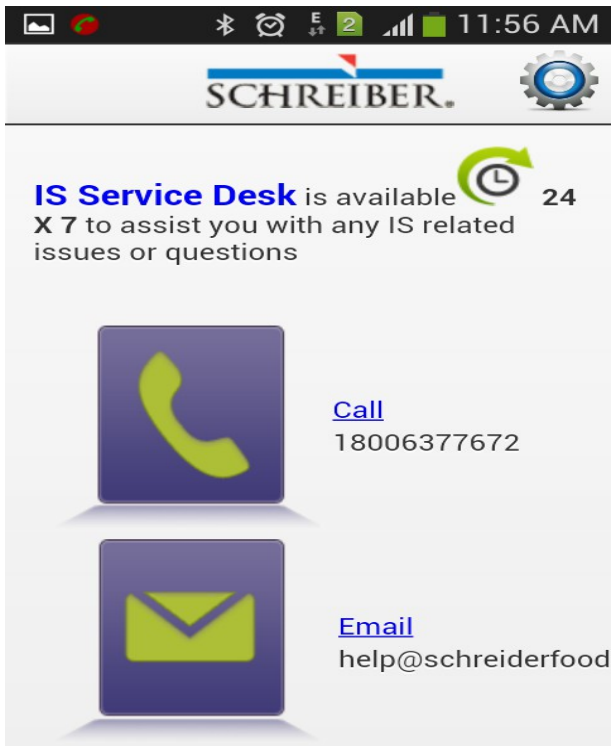

2. MyDrive Application

I have worked on developing MyDrive application for Cognizant, and as it is an internal application for Cognizant, it is not available in AppStore. I have it installed in my Device and here are the screen shots for the same.

3. Schreiber USA

I have worked on Schreiber Application, also as this is an internal application for the customer representatives of the SFI Corporation, this is not available in App store. Henceforth, I am trying to showcase the screenshots of the same.

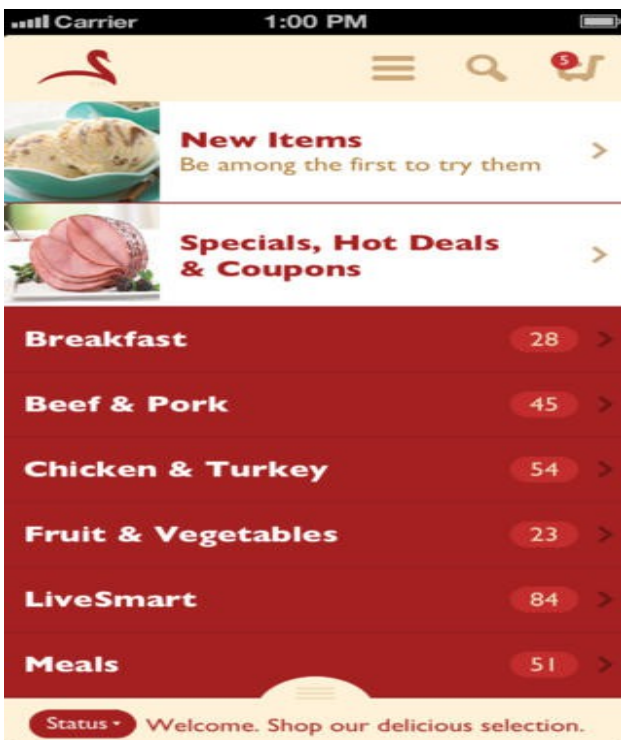

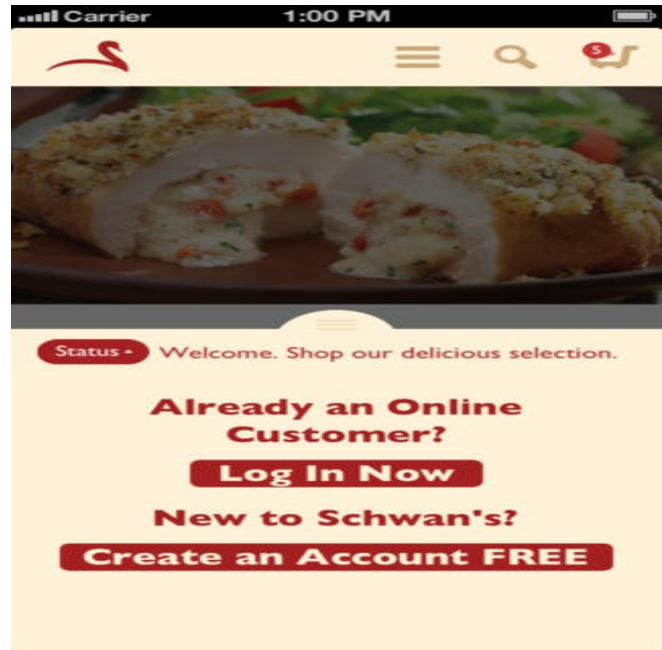

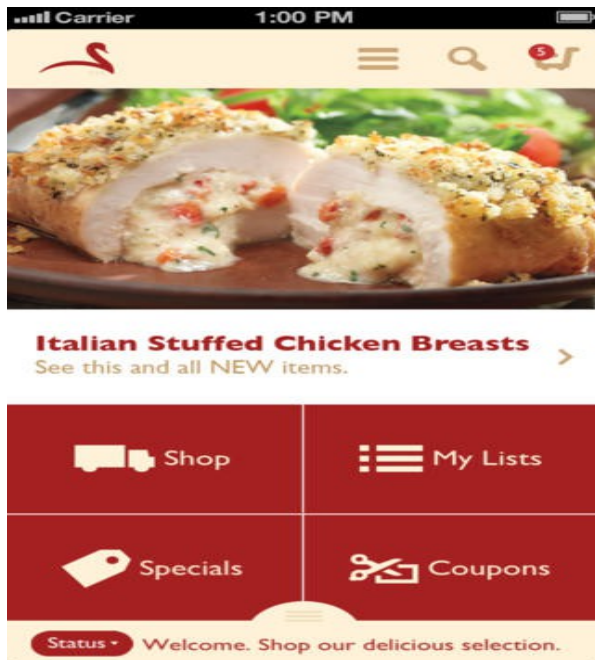

4. Schwan's Food Delivery USA

I have been involved in the development of Schwann's Application which we developed in Titanium Appcelerator. Here is the app store link for the same:

<https://itunes.apple.com/us/app/schwans-food-delivery/id682964010>

Here are the screenshots for the same:

5. KPN Netherlands

For KPN Netherlands, I was involved in the development of web / mobile application. Here are the screenshots for the same:

Order Management Application

20 Most urgent orders with incident

7. Immofly.be

As a part of Freelancing, I was involved in developing a innovative portal immofly.be, for which I am now presently working on developing the same for Mobile and Tablet.

We can find the web app in immofly.be and Mobile App for this is under progress:

8. Infohow.org

As a part time freelancing, I have worked on installing, developing, updating and maintaining a wordpress CMS portal Infohow.org for a small individual client. Providing on page and off page Search Engine Optimization for the same.
